He said, in the course of his remarks, that he would support General Butler for Greenback candidate for governor next year in spite of his present lapse into Democracy—a statement which was "vig-orously cheered and hissed." A state ticket was nominated, headed General Horace Binney Sargent for governor and George Dutton, of Spring-field, for lieutenant governor. Resolutions were adopted approving the platform and nominees of the national Greenback convention at Chicago; demanding the substitution of full legal tender greenbacks for national bank notes: that the U. Matters Which Demand Their Attention, The tax duplicates are in the hands of the collectors. Every voter should see to it for himself that his tax is duly paid. October 2 is the last day to attend to this in time to qualify for the coming presidential election, but there should be no needless delay. The earlier it is attended to the better. Voters should attend to the payment of their taxes themselves. Some courts of the state hold that this is essential and that the tax paid by committees is void and will not entitle the holder of such receipt to vote. It is only fair and patriotic, as well as a reasonable precaution, for voters to attend to this duty for them-

his own receipt.

It may happen that some person duly qualified to be registered has been left off wilfully or carelessly by the assessor of his district, though the voter complied with all the legal requirements.
